

Zurich Insurance Quote - £414.21 for one year or £369.59pa for 3 years on a Long Term Agreement

Quoted on the basis of only insuring the high value items only:

£8000 2 phone boxes

£2000 est village sign

As the policy excess is £250, I have assumed the Council are unlikely to make a claim for anything valued at least £500 or less.

This policy does not include the keyworker insurance cover. If this policy is selected, I would recommend that some/all of the remaining key worker pay out from last year is held long term in a HR earmarked fund. This would be a contingency for locum clerk cover if needed in the future.

Gallagher Insurance Quote - £828.69 for one year

The current insurers for the Council. This policy does include the keyworker insurance. It also lists all the assets of the Council.

Recommended option – 3 yr LTA with Zurich
